

We love to sing together, and we sing in Rossendale x3  
And we sing with all our hearts

*Keep on smiling while you're singing x3  
And we sing with all our hearts*

And while we've been in lockdown we have missed our choir a lot x3  
But we're together in our hearts.

*Keep on smiling while you're singing x3  
And we sing with all our hearts*

But soon we'll sing together and we really cannot wait! x3  
And we will sing with all our hearts

*Keep on smiling while you're singing x3  
And we sing with all our hearts*

No matter what is going on, our singing gets us through x3  
And we sing with all our hearts

*Keep on smiling while you're singing x3  
And we sing with all our hearts*
